3. LEEE JOHN OF IMAGINATION BIOGRAPHY:

With a remarkable career spanning over 3 decades and with record sales in excess of over 30 million albums **LEEE JOHN** and his group **IMAGINATION** released and successfully had so many amazing classic hits singles and platinum ,gold and silver albums such as, Body Talk, Just An illusion, Flashback, Music and Lights and Changes and many more presenting the perfect Brit Soul/Jazz/Funk songs and establishing their position as essential 80's crossover hit-makers and an influence for future generations in the music industry.

Even today the story of **IMAGINATION's** music continues in the form of a long list of samples, remixes and adaptations by major contemporary stars. Such as THE PHARCYDE , DIMITRI from Paris, Destiny's Child (complete with Beyoncé) sampled Just An illusion on their 1998 self-titled debut album produced by WYCLEF JEAN ., Leee himself featured on DJ Dero's 2005 rendition of the song which was widely played in clubs. Mariah Carey recorded "Illusion" on her top ten single "Get Your Number". Flashback was sampled by Boards of Canada, Music & Lights by Tiger & Woods. All Night Loving by 88 Keys featuring Kanye West!

It's fair to say founding member, lead singer and songwriter **LEEE JOHN** is one of the hardest working men in music, touring internationally both as **LEEE JOHN** of **IMAGINATION** and as **LEEE JOHN** in his ever-popular solo performances showing his continuous diversity across multi genres from the pop stream as well as his more classic presentation in the jazz world, none better reflecting this than with the release of his last critically acclaimed solo album "Feel My Soul". http://www.feelmysoul.co.uk/

With the ever-evolving music industry changes, **LEEE JOHN** has found his strengths and new challenges working with many different types of record producers, artists, musicians on various projects e.g. Including time in New York with Arthur Baker and the Backbeat Disciples feat **LEEE JOHN** and Tata Vega, all the way through to Chicago working with Deep House Supremo Byron Stingily from the Legendary group 10 City releasing club classic smash hit "U-Turn Me On"

More recently, we see the release of **Imagination featuring LEEE JOHN's** penultimate long awaited new album **"Retropia"** which delivers a distinctive combination of soul, funk , jazz with a classic contemporary retro sound from that back in the day feel, which creates a very special atmospheric sensitivity with mid-tempo grooves and that unmistakable **LEEE JOHN** vocal sound with those famous **IMAGINATION** harmonies creating that familiar blend of melody which makes you remember each individual song, taking you on a magical musical adventure into the world of **"Retropia".**

Supporting from its release the **"Retropia"** album scores an incredible 2 x Number # 1 songs in the UK Soul Charts with 'Do It Right Now' and "Make Your Mind Up/Fantasia" which follows on this summer with a third single release "Police & Thieves" a personnel rendition and homage to the classic and unforgettable anthem originally recorded way back in 1977 by Junior Murvin/Lee Scratch Perry with its poignant message eerily, echoing across to today's political and social landscape over 40 years on.

Produced by British Reggae maestro legend Dennis Bovell (the originator of Lover's Rock and producer of big hits such as Silly Games (Janet Kay) (Alpha Blondy) and with his band (Matumbi) "After Tonight" and "Point of view" and more recently contributed to the huge success of (Joss Stones) initial reggae offering Water For Your Soul works with **LEEE** and together form and incredible partnership in delivering a magical unique interpretation of the quintessential creativity that is "Police & Thieves".
